BILLING CODE 4910-14-M

Federal Aviation Administration

**Intent to Prepare an Environmental
Impact Statement and To Hold an
Environmental Scoping Meeting for
Detroit City Airport, Detroit, MI**

AGENCY: Federal Aviation
Administration, DOT.

ACTION: Notice to Hold a Public Scoping
Meeting.

SUMMARY: The Federal Aviation Administration (FAA) is issuing this notice to advise the public that environmental documentation, including an Environmental Impact Statement (EIS), will be developed concurrently with the preparation of a Master Plan for Detroit City Airport. The purpose of this plan is to determine the facilities that will be required to meet future (a 20-year time period) demand for airport operations and develop methods for providing noise compatibility with surrounding land uses. Forecasts indicate a need for a primary runway length of 6,000 feet in this densely developed urban location. To ensure that all significant issues related to the proposed action are identified, a public scoping meeting will be held.

FOR FURTHER INFORMATION CONTACT: Ernest Gubry, Federal Aviation Administration, Detroit Airports District Office, Willow Run Airport, East 8820 Beck Road, Belleville, Michigan 48111, 313-487-7280.

SUPPLEMENTARY INFORMATION: The FAA, in cooperation with the Bureau of Aeronautics, Michigan Department of Transportation (MDOT), and the Federal Highway Administration (FHWA) and with the assistance of the City of Detroit, will prepare an EIS concurrently with the preparation of a Master Plan for Detroit City Airport. The purpose of this Master Plan is to determine the facilities that will be required to meet future (a 20-year time period) demand for airport operations and develop methods for providing noise compatibility with surrounding land uses. Forecasts indicate a need for a primary runway length of 6,000 feet.

Due to the densely developed urban location of the airport and the potential

for significant environmental impacts associated with any proposed expansion, a decision has been made to prepare an EIS concurrently with the preparation of the Master Plan so that decision-makers will have an early and complete understanding of the consequences of any action proposed by the plan. The Joint Lead Agencies for the EIS will be the FAA and MDOT. The FHWA will be a cooperating agency.

Two cemeteries are located immediately north and south of the airport's existing primary runway (15/33). It is the desire of the people of Detroit, expressed during past airport improvement programs, to not disturb these cemeteries. Therefore, an extension of Runway 15/33 beyond its present length of 5,090 feet is not being considered as one of the EIS alternatives. Instead, a new runway is envisioned; based on previous planning efforts, a new 6,000-foot primary runway located west of the current runway is being proposed. The "no action" alternative also will be investigated by the EIS. In addition to concerns generated by the construction and operation of airport facilities, potentially significant issues are: the relocation of Van Dyke Avenue; the closure of Six Mile Road; and the relocation of residents, businesses, roads, and utilities. Due to the relocation of Van Dyke Avenue, the FHWA will be a cooperating agency for this EIS.

Comments and suggestions are invited from federal, state, and local agencies, and other interested parties to ensure that the full range of issues related to these proposed projects are addressed and all significant issues identified. Copies of materials to be evaluated can be obtained by contacting the FAA informational contact listed above. Comments and suggestions may be mailed to the same address.

PUBLIC SCOPING MEETING: To facilitate receipt of comments, two public scoping meetings will be held on Thursday, June 15, 1995. A technical meeting will be held at 10:00 a.m. at Cobo Hall (One Washington Blvd., Detroit, Michigan). A community workshop will be held at 6:00 p.m. at Davis Aerospace Technical High School (10200 Erwin St., Detroit, Michigan), to solicit comments and input from the general public on the environmental analysis process. If you plan on attending either meeting, please contact Mr. Ernest Gubry. Written comments and recommendations may be sent to Mr. Gubry's office at the above noted address prior to June 30, 1995.

Issued in Belleville, Michigan, on May 3, 1995.

Dean C. Nitz,

*Manager, Detroit Airports District Office,
FAA, Great Lakes Region,*

BILLING CODE 4910-13-M

**Notice of Intent to Rule on Application
to Impose Only and Impose and Use
the Revenue From a Passenger Facility
Charge (PFC) at San Diego Int'l-
Lindbergh Field, San Diego, CA**

AGENCY: Federal Aviation
Administration, DOT.

ACTION: Notice of Intent to Rule on
Application.

SUMMARY: The Federal Aviation Administration (FAA) proposes to rule and invites public comment on the application to impose only, and impose and use PFC revenue from a PFC at San Diego Int'l-Lindbergh Field under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990, Public Law 101-508 as recodified by Title 49 U.S.C. 40117 [C(3)]) and 14 CFR, Part 158. On April 26, 1995, the FAA determined that the application to use from a PFC submitted by the San Diego Unified Port District was substantially complete within the requirements of section 158.25 of Part 158. The FAA will approve or disapprove the application, in whole or in part, no later than July 26, 1995.

DATES: Comments must be received on or before June 12, 1995.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: Airports Division AWP-621, P.O. Box 92007, Worldway Postal Center, Los Angeles, CA., 90009. In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Donald E. Hillman, Jr., Acting Port Director, San Diego Unified Port District, P.O. Box 488, San Diego, California, 92112-0488. Comments from air carriers may be in the same form as provided to the San Diego Unified Port District under section 158.23 of FAR Part 158.

FOR FURTHER INFORMATION CONTACT: Mr. John P. Milligan, Supervisor Standards Section, Airports Division AWP-621, P.O. Box 92007, WPC, Los Angeles, CA 90009, Telephone: (310) 297-1029. The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public
